Of Interest To Women

To such women as are not seriously out of health, but who have exacting duties to perform, either in the way of household cares or in social duties and functions, which seriously tax their strength, as well as to nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorant for the system. By its timely use, much nervousness, and the accompanying serious sickness and suffering may be avoided. The operating table and the surgeon's knife, would, it is believed, seldom have to be employed if this most valuable woman's remedy were resorted to in good time. The "Favorite Prescription" has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless.

Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and the honest character, but is a mixture of all its ingredients being printed, in plain English, on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol, in its make-up. In this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of a woman's peculiar weaknesses and ailments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended. A little book of these endorsements will be sent to any address, post-paid, and absolutely free if you request same by postal card, or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

MURDERER COMMITS SUICIDE

After he had created a reign of terror in the little town of Oatleaton, just north of Indianapolis, late Wednesday night, by wounding four men, one fatally, Berry Roberts killed himself at midnight when brought to bay in a pasture just west of Oatleaton, where he had taken refuge from a sheriff's posse.

Roberts had been in Indianapolis and had become intoxicated. On the train homeward, it is said, he became involved in a quarrel with the conductor. Immediately after leaving the train Roberts obtained a shotgun and tried to buy ammunition in a general store. This was refused and he opened fire with a revolver on several men sitting in the store.

James Wheatley, a farmer, was fatally wounded. Addison McGay, Carl McGay, his son, and James Margan were also wounded, but not fatally.

Roberts escaped and ran westward from the town to a pasture, where he concealed himself in a tree pile. No attempt was made to capture the fugitive until the sheriff and a posse of deputies arrived from Indianapolis. When they reached Roberts' hiding place at midnight they found his body. He had ended his life with a charge of shot through his heart.

NONAGENARIANS IN A DUEL

Two ancient fire eaters, both on the verge of the grave, have fought a duel at Nikolai Ustorski, Russia, and, although both were wounded, their bloodthirstiness is not yet satiated. Prince Subaloff, 91 years, old and Wjarslan, 93 years old, a member of a noble family, were the combatants. They are the owners of adjoining estates and had been good friends for half a century.

Lately they were in the habit of meeting daily at the residence of Mme. Donsky, an attractive widow of 40 years, and this proved the undoing of their friendship.

Prince Subaloff the other day called Wjarslan an empty-headed coxcomb and declared he ought to know better than flirt with a young woman when he had one leg in the grave. Wjarslan retorted that he was young enough to avenge an insult, and a duel was arranged. It was arranged at first that they should fight with the swords they used as officers in the Russo-Turkish war, but these were found to be too heavy for their strength, so pistols were chosen.

Prince Subaloff's right thumb was shot away on the first fire. He promptly transferred the pistol to his left hand and lodged a bullet into opponent's shoulder. Then the seconds stopped the duel and had the irascible nonagenarians taken home and put to bed, where they are recovering.

Each insists that his honor is not satisfied, and they will fight again.

Fifty years' experience of an Old Nurse
Mrs. Winslow's Soothing Syrup is the prescription of one of the best female physicians and nurses in the United States, and has been used for fifty years with never-failing success by millions of mothers for their children. It relieves the child from pain, cures diarrhoea, griping in the bowels, and wind colic. By giving health to the child it rests the mother. Twenty-five cents a bottle.

PULPIT AND SENSATIONALISM.
The minister who forsakes sensationalism for theology has no place in the pulpit at present, according to Prof. William G. Sumner, of Yale University. His views are set forth in the American Journal of Sociology, issued Wednesday from the University of Chicago press.
"People don't care what the Bible says anymore, as the morality of this book was written for the ancient days," is another assertion of Professor Sumner. He insists that the morality of the Bible does not fit in well with that of this day. "Nobody has ever done what the Bible says," says Professor Sumner. "What men always have done, if they tried to do right, was to conform to the morals of the group and the time."
On the subject of sensationalism in the pulpit, Professor Sumner says:
"The pulpit as an institution no longer speaks with authority. It tries to persuade and to do this it has to aim at popularity. It wants to attract attention like books, theaters, the lecture platform, and it has to have recourse like them to sensational methods to win success."

Use Tiz—Smaller Feet

Sore feet, Tender Feet and Swollen Feet Cured Every Time, Tiz Makes Sore Feet Well No Matter What Ail's Them

Every one who is troubled with sore, sweaty, or tender feet—swollen feet, smelly feet, corns, calluses or bunions can quickly make their feet well now. Here is instant relief and a lasting permanent remedy—it's called TIZ. TIZ makes sore feet well and swollen feet are quickly reduced to their natural size. Thousands of ladies have been able to wear shoes a full size smaller with perfect comfort.
It's the only foot remedy ever made which acts on the principal of drawing out all the poisonous excretions which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleanses them out and keeps them clean. It works right off. You can feel better the very first time it's used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it.
TIZ is for sale at all druggists 25 cents per box or direct if you wish from Walter Luther Dodge & Co., Dodge Bldg., Chicago, Ill.

make an assignment of his salary. Yesterday City Clerk Eastwistle threatened the mayor with arrest for the latter's oversight in not returning the record of the assignment, which Eastwistle claims Mr. Howard took from the clerk's office. On Wednesday night Daniel P. Haggerty, who is on the mayor's bond for \$800 in connection with a criminal libel suit against the mayor, served notice on the mayor's secretary that unless Mr. Howard secured new bondmen before Saturday he (Haggerty) would surrender him into custody. Mayor Howard had intended to begin a lecture tour this week, but Haggerty refuses to allow him to leave the state so long as he is on the mayor's bond.

The people of the entire country have the sympathy of J. Ogden Armour, president of the Armour Packing Company, in the trouble they are having to obtain meat at living prices. Mr. Armour, who is in Omaha on a trip of inspection of his packing plants, says: "I am awfully sorry to see the people compelled to pay these big prices. It's too bad. I am sorry for the packers, too, for we cannot make as much money when meats are high as we can when they are low. The profits are nothing like as great in time of high prices. But I can see no reduction in price until the new crop of animals reaches the markets. I am in hopes that we will then see a material reduction in prices."

The higher cost of living hit the pocketbook of the idler and the rich yesterday. Delmonico's, one of New York's most exclusive and conservative restaurants, announced that hereafter, because of the higher cost of meat, 10 cents would be added to every dish on the menu so far as meat is concerned. Other high-class restaurants have made similar advances. The price of lamb increased recently from 16 to 20 cents a pound and as doughnuts require lamb, their price has been raised from 12 to 20 cents a dozen.

A TOAST.

Here's to the man with the winning hand,
Who in every game plays fair,
Who in every walk of life will stand
For the thing his fellow square,
Who doesn't play to win your pile
And leave you empty-handed,
Who works and wins and all the while
Will help you if you're stranded.
The above is just a little sentimental of one intended to point a moral. You can depend upon it that the CAMERON DAIRY LUNCH is a square deal.

The more particular type of men have learned to expect of P. B. garments that air of distinction you see so prominently expressed in the Easter parade on Fifth avenue.
